Big Joe (Joe Pagliuca) will be presenting an exciting hybrid workshop for providers and parents! This workshop teaches storytelling skills and how to use those skills to incorporate storytelling into children's lives. We will discuss the benefits of storytelling, and how it can be used to expand a child's reading and comprehension levels, and improve social and emotional situations. The workshop is designed to help create fun and exciting storytelling experiences so their children will get turned onto reading and see that stories aren't just for bedtime! Share this opportunity with your parents!
